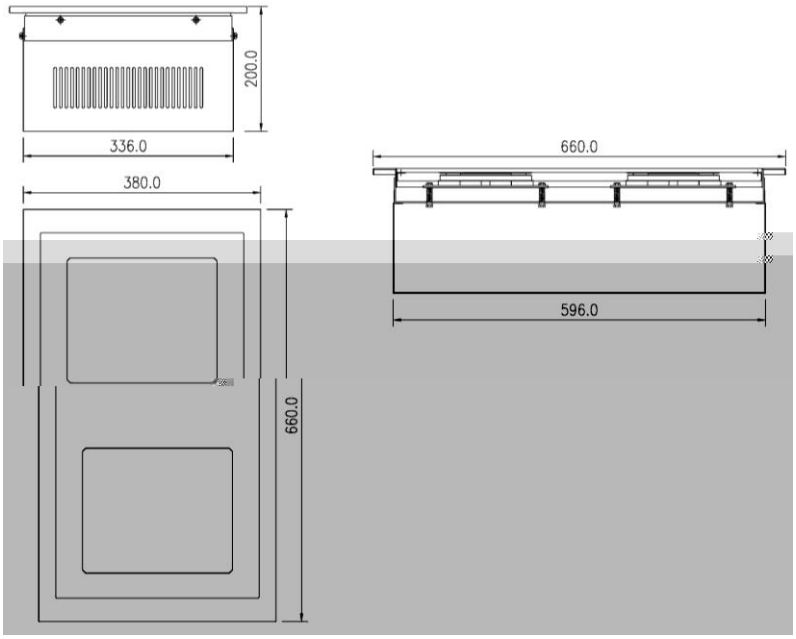
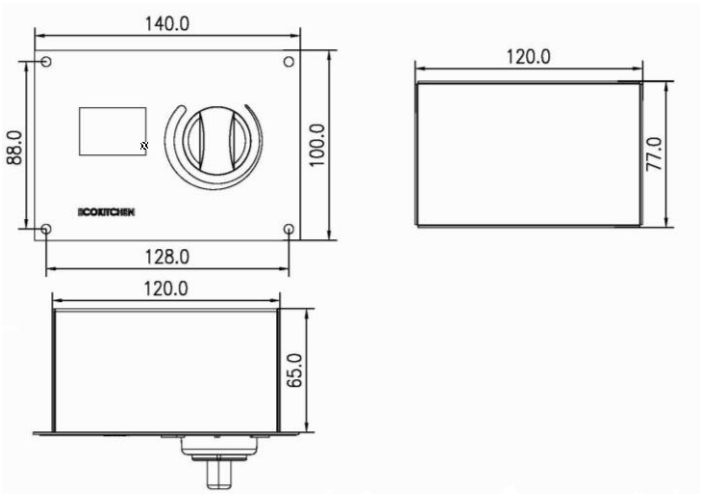
Installation Instruction of
IND-32P & IND-32PH Series

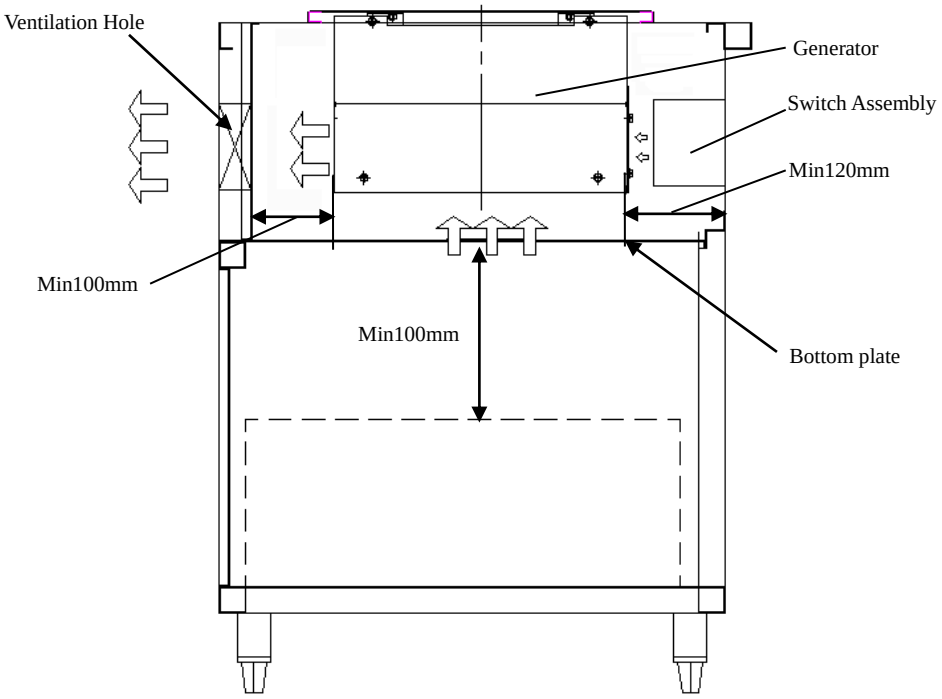
1. Dimension of Generator:



2. Dimension of the switch and small LED control box



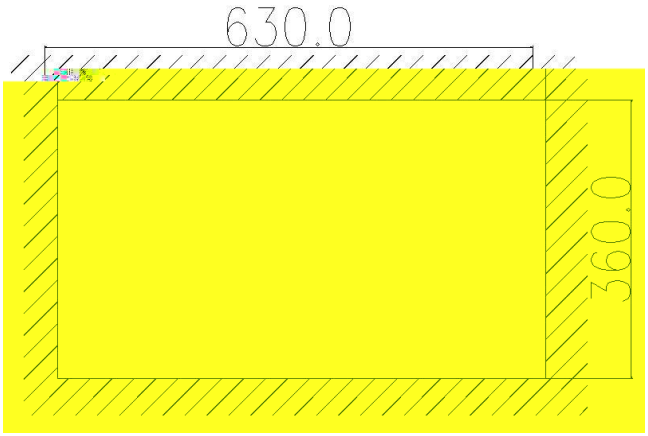
3. Installation and Ventilation of generator



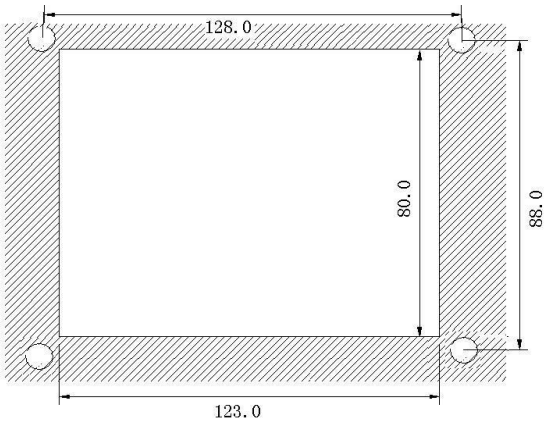
Remarks:

- The bottom plate should be used to avoid the mix of cold air and hot air;
- There should be a air tunnel to guide the fan to suck the cold air through bottom plate;
- If several generators are built in one cabinet, extra fan(s) should be considered to add at the back panel;

4. Installation hole for Generator



5. The installation hole of the Switch and Indicator Lamp



6. Wiring Diagram
